

**Member Driven Technologies Recognized as a 2020 Cool Place to Work in Michigan**  
*CUSO acknowledged for its dynamic culture, competitive benefits for the fourth year in a row*

**FARMINGTON HILLS, Mich., Aug. 18, 2020** – [Member Driven Technologies](#) (MDT), a CUSO that provides a private cloud alternative for core processing and IT needs, has been named a 2020 Cool Place to Work in Michigan by Crain’s Detroit Business for the fourth consecutive year. MDT ranked no.16 among medium sized companies on this year’s list.

The rankings were determined based on the results of a confidential employee survey inquiring about companies’ work environment, leadership, benefits and perks. MDT’s employees cited the company’s positive, collaborative work environment, strong leadership across all departments, dedication to work-life balance and competitive benefits and pay as the main reasons they enjoy working for MDT.

This year, MDT went above and beyond to help its organization adapt to the Covid-19 environment. Employees noted that since the pandemic’s onset, MDT has been extremely flexible about remote working conditions and schedules, allowing employees to prioritize taking care of their families and loved ones. Employees were immediately provided with the resources necessary to work effectively from home, a stipend for internet and phone expenses and the option to roll over more PTO into 2021. The company has also hosted frequent virtual check-ins to ensure everything is running smoothly and employees still feel connected to their co-workers and the company.

“Our success as an organization would not be possible without our exceptional employees, which is why creating a fulfilling, collaborative and fun work environment has been a priority since the start,” said Larry Nichols, president and CEO of MDT. “Even though this year has thrown us a curve ball, we still put our employees first; our culture is one that values employees and invests in both their professional development and personal well-being. We are proud to once again be named a Cool Place to Work in Michigan.”

MDT has nearly 150 employees across the United States and 111 in Michigan. For more on the Cool Places to Work in Michigan listing, click [here](#).

### **About Member Driven Technologies**

MDT hosts the Episys® core platform from Symitar® to provide credit unions with a private cloud alternative for core processing and IT needs. The CUSO’s service-first, hybrid approach to outsourcing enables credit unions to boost efficiencies and security and reduce costs while maintaining a high level of control. In addition to hosting the Symitar Episys platform, MDT also hosts dozens of seamlessly integrated solutions to run the entire institution, including digital banking, payments, lending, security, continuity and regulatory services. MDT serves credit unions representing more than \$22 billion in assets and approximately two million members. Visit [mdtmi.com](#) or follow [@memberdriven](#) for more information.
